

Dear Friends and Colleagues of GCWA,,

After three years of revisions, revisions, revisions plus more, we have been honored to have our play, *A TREE GROWS IN ISRAEL*, world premiered at our Cultural Park Theatre this August 4 - 7th.

Rehearsals are under way and the director, Michael Moran, our lighting specialist, Ron Kelly plus the cast are inspiring.

The Leading Edge Media Group of Ft Myers, FL is making a DVD of the work plus a three minute trailer to send to movie producers.

NewPlays TV will broadcast it via the internet world wide. Presently it has been publicized world wide through the Dramatists Guild of America.

News-Press got the buzz and will do a story for us. Hopefully, more coverage will come from FOX TV.

Much appreciation with warm regards.

Carmine & Dorayne
